

Specialty **ADDITIVES** and **SOLVENTS** for the **FORMULATOR**

Eastman Chemical Company is committed to delivering innovative solutions to the coatings industry. For more than 80 years, Eastman has been a leading provider of high-quality raw materials and services. Today, Eastman provides a unique portfolio of specialties such as cellulose esters, adhesion promoters, coalescents, specialty solvents, and resin intermediates used in conventional, high-solids, waterborne, and powder coatings for architectural, automotive, and industrial coatings applications and graphic arts.

With our commitment to and understanding of the coatings market and our broad range of products and technology-based innovation, Eastman helps customers meet regulatory requirements and respond to current market needs and future trends.

In providing world-class technical services, Eastman demonstrates commitment to helping customers deliver solutions to meet the challenging performance and environmental requirements in today's marketplace.

Markets Served

- Architectural
- Automotive OEM and Refinish
- General Industrial
- Graphic Arts and Inks
- Industrial Maintenance and Marine
- Industrial Wood

We offer one of the most diverse product portfolios for use in the coatings industry.

Solutions

- Cellulose esters for rheology modification, defect control, drying time reduction, and color consistency
- Solventborne and waterborne adhesion promoters, chlorinated and nonchlorinated enhance adhesion to plastic parts
- Specialty solvents such as Eastman™ EEP, EP, and IBIB
- Coalescents provide a wide range of attributes to meet desired performance and regulatory needs
- Specialty ketones enhance solvent activity for high-solids coatings
- Intermediates make resins useful in powder, high-solids or waterborne coatings
- Eastman™ SAIB (sucrose acetate isobutyrate) useful as an extender resin in wood sealers and topcoats

Technical service centers around the world

Europe

Kirkby, United Kingdom

U.S.A.

Kingsport, Tennessee

Asia Pacific

Tokyo, Japan; Singapore, Shanghai

Eastman Chemical Company is committed to being its customers' strategic partner of choice, developing and delivering differentiated solutions that meet and anticipate their needs.
