

The Glass Polymer™ family of cosmetic materials

Cosmetics and personal care packaging

A new material is born— clearly Eastman's best

*The Glass Polymer™ family of cosmetic materials
introduce Eastar™ CN copolyester*

Innovation is at the heart of all Eastman products. We are dedicated to bringing you results that meet the demands of consumers. As we all know in beauty—what is in today is out tomorrow. Allow Eastman to help keep your brand timeless with our newest addition to The Glass Polymer™ family—Eastar™ CN.

Eastar™ CN copolyester

For the first time ever, The Glass Polymer™ family of cosmetic materials have combined the most desirable attributes of its portfolio into a single product.

- Ability to mold thick parts
- New and enhanced color
- Better gate aesthetics
- Easy processing—fast dry, fast cycle time, low scrap, easy flow

Clearly the best

(Relative ranking vs. The Glass Polymer™ family of resins)

The best of The Glass Polymer™ in a single resin

Material Safety Data Sheets providing safety precautions that should be observed when handling and storing Eastman products are available online or by request. You should obtain and review the available material safety information before handling any of these products. If any materials mentioned are not Eastman products, appropriate industrial hygiene and other safety precautions recommended by their manufacturers should be observed.

Neither Eastman Chemical Company nor its marketing affiliates shall be responsible for the use of this information or of any product, method, or apparatus mentioned, and you must make your own determination of its suitability and completeness for your own use, for the protection of the environment, and for the health and safety of your employees and purchasers of your products. NO WARRANTY IS MADE OF THE MERCHANTABILITY OR FITNESS OF ANY PRODUCT, AND NOTHING HEREIN WAIVES ANY OF THE SELLER'S CONDITIONS OF SALE.

Ultraviolet light can cause color shift of plastic materials. Eastman has formulated ultraviolet stabilizer concentrates that protect the natural color of the resin when exposed to sunlight. Please discuss your packaging needs with an Eastman representative.
