

## Supported Browsers – Outside Eastman network

- [Internet Explorer](#)
- [Chrome](#)
- [FireFox](#)
- [Safari](#)

### Browser settings:

Must have cookies and JavaScript® enabled

**Note:** Microsoft Edge is not supported at this time.

### *How do I know if I'm running Microsoft Edge?*

Microsoft Edge is the Internet Browser that comes with Microsoft Windows 10. The easiest way to identify if you are running Microsoft Edge is by the icon used to launch the application.

The Microsoft Edge icon looks like this:

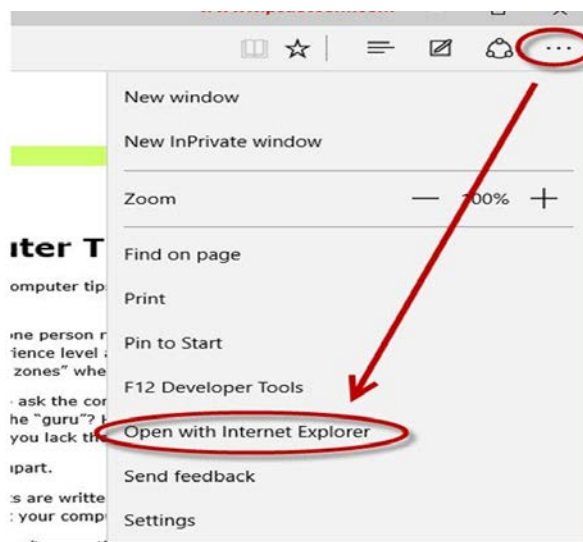

The Internet Explorer icon has a slightly different pattern and looks like this:

### *If I'm running Microsoft Edge, how can I access Eastman website content?*

If you are using Microsoft Edge, you can easily toggle Edge into Internet Explorer mode by opening Edge, typing in the web address you want to go to ([www.eastman.com](http://www.eastman.com) for example), then clicking on the three dots in the upper right corner of the browser and selecting "Open with Internet Explorer". See screenshot below:
