

When your crops **stand up**, your results **stand out**.

Adjust™ SL plant growth regulator is a chlormequat chloride formulation, a proven active ingredient used successfully for many years in Europe and Canada. Adjust SL increases stem strength and reduces stem height, preventing lodging and the many risks and costs associated with it. Adjust SL's unique formulation contains safeners and low-temperature activators, enabling plants to respond safely under conditions as low as 34°F.

Small plot trial results, 2018–2020

Locations	Calif., Ind., Kan., Mich., N.D., Ore.
