

Designed to perform

Eastman VersaMax™ Plus plasticizer

Improve performance with minimum reformulation using a cost-effective, hassle-free, general-purpose non-phthalate plasticizer.

For *decal, graphic art, and ink applications*, Eastman VersaMax Plus offers:

Faster fusion, resulting in greater efficiency, productivity, and energy savings

Higher efficiency, allowing reduced plasticizer loading or increased low-cost filler loading

Reduction or elimination of costlier copolymer due to lower fusion temperature

Lower and stable viscosity, allowing a broader formulation window

Non-phthalate, meeting customer needs
