

Eastman OMNIA™

high-performance solvent

Changing the chemistry of clean

Cleaner formulators seeking an environmentally friendly, safe, and high-performance solvent can turn to Omnia.

Omnia is effective in a variety of light- and heavy-duty cleaners formulated at a neutral pH. This solvent delivers power to formulations against a wide range of soils — from greasy dirt and tar to soap scum.

Thanks to its unique cleaning chemistry and biodegradability, Omnia offers an exceptional combination of performance, safety, and value.

Why turn to Omnia?

- Suitable for EU Ecolabel institutional cleaning applications
- Provides a safer alternative for the environment and workplace
- Allows lower use levels in formulations
- Enables faster cleaning
- Offers proven results

Proven results

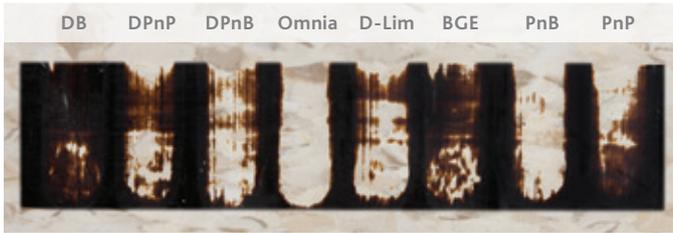

Internal testing shows Omnia outperformed seven commonly used solvents for cleaning efficacy on greasy dirt, tar, and soap scum.

Cleaning efficacy was measured using a custom-built reciprocating scrub machine. Soiled panels were scrubbed with a sponge wetted with neutral-pH cleaning formulations containing a 2% solvent level.

Using the same number of scrubs, the Omnia-based formulation achieved 100% cleaning efficacy while all other solvent-based formulations remained visibly soiled.

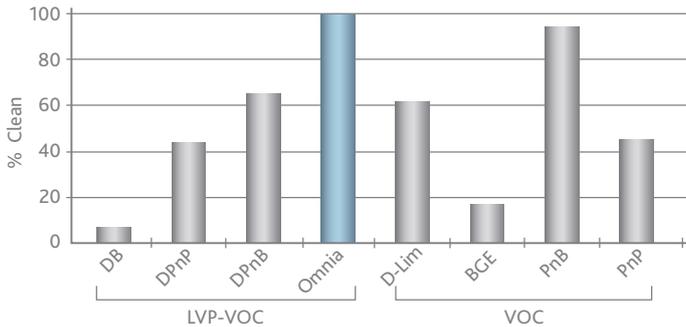

Scrub test

Tar* removed from waxed vinyl tile at 750 scrubs

Cleaning performance comparison

Tar* removed from waxed vinyl tile at 750 scrubs

- DB Diethylene glycol monobutyl ether
- DPnP Dipropylene glycol *n*-propyl ether
- DPnB Dipropylene glycol *n*-butyl ether
- D-Lim D-limonene
- BGE Ethylene glycol monobutyl ether
- PnB Propylene glycol *n*-butyl ether
- PnP Propylene glycol *n*-propyl ether

*Automotive tar undercoat similar to asphalt soil

Testimonial

NYCO PRODUCTS COMPANY, BOB STAHURSKI, PRESIDENT AND CEO

OM¹ Series Bath & Restroom Cleaner provides remarkably effective cleaning for bathroom counters, bowls, ceramic tile, and fixtures. It brightens grout and shines chrome and brass, leaving restrooms sparkling clean. Formulated with Omnia, OM¹ Series Bath & Restroom Cleaner is safely responsible for humans and the environment. Omnia meets the U.S. EPA's Safer Choice criteria for a safer solvent, the highest rating on the Safer Chemical Ingredients List.

Easy spray and wipe OM¹ Series Power Degreaser delivers professional strength degreasing and is safely responsible for people and the environment. It removes tough grease, grime, tar, and other oily soils found in kitchens and industrial settings. Powered by Omnia, OM¹ Series Power Degreaser cleans appliances, machinery, equipment, and tough carbonized soils in ovens.

OM¹ Series Multi-Surface Cleaner is a super strength formula that cleans even the toughest stains on most hard surfaces—counters, walls, ceramic, glass, plastic, and most metals. Powered by Omnia, OM¹ Series Multi-Surface Cleaner offers exceptional efficacy compared to other environmentally preferable cleaners on the market today.

"There's no question, hands down, that Nyco's three OM¹ Series products powered by Omnia from Eastman are the best cleaners that we've ever manufactured."
