EASTMAN

Cool cups

Aladdin uses Eastman Tritan™ copolyester for their fun and functional Mason jar cups.

Using an old Mason glass jar as a beverage container has always been cool. But now practical enters the picture with the new Aladdin Mason Cup made of single-walled, BPA-free Tritan. Known for manufacturing the sturdy Mason jars, Aladdin understands today's busy lifestyles and created the 16-ounce Mason Cup in clear, durable Tritan—ideal for on the go or outdoor entertaining with no worries of breakage. You'll find a contemporary, rounded shape and no lid to keep up with, but the Aladdin Mason Cup is designed with the same sturdy feel and glasslike clarity as the original jars. Available in sets of four, the Mason Cup is dishwasher safe, making it the go-to choice for easy clean up—as well as cool style.

For more information on Eastman Tritan™ copolyester, visit www.eastman.com/tritan.

Made with Eastman Tritan, the Mason Cup by Aladdin is handy and fun for outdoor use or on the go.
