## A slice above the rest

*Amco chooses Eastman Tritan™ copolyester for its uniquely designed pizza wheel.*

Over the years, Amco has dedicated their business to making cooking easier for the professional chef as well as the home chef. With their numerous product lines filled with innovative kitchen accessories, they want to help you get a better grip on your kitchen with their uniquely designed Pizza Wheel. The soft-grip handle takes the hassle out of daily cooking prep while the angled handle protects hands from hot toppings. The serrated blade, made with BPA-free Eastman Tritan™ copolyester, cuts through your homemade pizzas without damaging nonstick surfaces. The toughness of Tritan enables it to endure repeated dishwasher cycles and resist cracking and crazing after cleanup.

**For more information on Eastman Tritan™ copolyester, visit [www.eastman.com/tritan](http://www.eastman.com/tritan).**
