# Tea is for Tritan.

*Zevro chooses Eastman Tritan™ copolyester for their easy to use Simpliss a Tea direct immersion tea maker.*

Enjoying your favorite tea blend has never been easier. Zevro introduces the Simpliss a Tea direct immersion tea maker crafted with BPA-free Eastman Tritan™ copolyester. Simply place your loose tea into the Steeping Chamber, add preheated water, and let the brewer work for you! This unique tea maker is versatile, allowing you to use any cup of your choice. The patented valve automatically dispenses the brewed tea into a cup as well as stopping the flow when the cup is lifted, reducing spillage. Tritan provides a clear view into the brewer, which will not crack or craze over time. Tritan is also dishwasher durable, making it easy to rinse and reuse for great tea any time!

**For more information on Eastman Tritan™ copolyester, visit [www.eastman.com/tritan](http://www.eastman.com/tritan).**
