EASTMAN

The lemon squeezer with a modern design

Press Art chooses Eastman Tritan™ copolyester for its elegant lemon squeezer.

The days of lemon seeds in your tea and sticky fingers are long gone. Now you can spritz your beverages or flavor your favorite dishes with the Press Art Lemon and Lime squeezer—a press and pour device created to yield more juice from your favorite flavorful citrus fruits in a cleaner and more fashionable manner. As the reservoir fills, the lemon juice can be poured in your drink or on your food—and not on your neighbor. Crafted with Eastman Tritan™ copolyester, the squeezer is dishwasher safe and it can also stand up to the acidity of lemons and limes. From your small home dinner to a fine 5-star restaurant, the practical and elegant Press Art accompanies your presentation beautifully.

For more information on Eastman Tritan™ copolyester, visit www.eastman.com/tritan.
