## Blending taste and convenience

*The Oster® My Blend® Blender is made with Eastman Tritan™ copolyester*

A household name for blenders and small appliances for more than half a century, the Oster brand has created the My Blend Blender, an all-in-one container for blending, drinking, and taking on the go. Health enthusiasts can create their own smoothies or protein shakes right in the Tritan-made 20-oz jar that doubles as a sport drink bottle. In a one-touch blending action, Oster's stainless steel blade pulverizes frozen fruit and ice, then the blender blade is changed out for the drinking lid. Designed for personal taste and convenience, My Blend Blender has a handy carry hook and is dishwasher safe for easy cleanup. Consumers love the practicality of one durable container to fill, blend, and go.

**For more information on Eastman Tritan™ copolyester, visit [www.eastman.com/tritan](http://www.eastman.com/tritan).**

*The Oster® My Blend® Blender, made of BPA-free Tritan, comes in an array of fun colors.*
