## Streamlining kitchen tasks

*Cuisinart chooses Eastman Tritan™ copolyester for its SmartPower® Compact Portable Blending/Chopping System*

Sleek and slim, Cuisinart's new compact blender/chopper is made for versatility in the kitchen. Whether chopping fresh herbs, blending smoothies for on the go, or whipping up some homemade mayonnaise, the Cuisinart SmartPower is efficient and practical. It comes with separate vessels made of BPA-free Tritan—the blender jar, chopping cup, and travel cups. All are shatter resistant and dishwasher safe. SmartPower's patented ultrasharp stainless steel blades deliver big-blender performance, and Cuisinart never forgets style—the blender features stainless steel accents and an electronic touchpad with LED indicator lights. A real timesaver, the SmartPower turns food prep and cleanup into simple tasks.
