Flavor infusion

Design for Living chooses Eastman Tritan™ copolyester for their flavor-infused pitcher.

Fruit flavored water is in, and Design for Living invites us to get creative with refreshing fruity taste in their new pitcher made of Tritan with Infuser Insert. With a twist-off lid, the handy 2½ quart pitcher is designed to easily add colorful cut fruit to water or tea and then it can be refrigerated until ready to serve. The infuser is removable for cleaning and dishwasher safe on the top rack. A simple, practical design accented in delectable green, the crystal-clear Design for Living pitcher serves up a healthy flavored drink.
