## Function and convenience

*Hamilton Beach chooses Eastman Tritan™ copolyester for their MultiBlend™ blender.*

Founded in 1911 by L. H. Hamilton and Chester Beach, Hamilton Beach Manufacturing Company has produced universal motor-driven appliances including food mixers, juice extractors, fans, and floor polishers. A century later, after many expansions, Hamilton Beach continues to buzz and whirl, staying cutting edge with its MultiBlend blender. Featuring a jar made with Tritan, the MultiBlend system propels ingredients around the jar for excellent results making smoothies, icy drinks, and food preparations. Hamilton Beach is all about convenience in the kitchen, and Tritan fits the bill being a shatterproof and dishwasher safe material with glasslike clarity.

**For more information on Eastman Tritan™ copolyester, visit [www.eastman.com/tritan](http://www.eastman.com/tritan).**

*The Hamilton Beach MultiBlend features a Tritan-made, shatterproof jar for lasting durability.*
