Regarding the aforementioned 25 products of Eastman Chemical, 200 South Wilcox Drive, Kingsport TN 37660, which are produced under my supervision, please note.

- Kosher status of these products is guaranteed only when ordered as Kosher.
- To ascertain Kosher status of packaged items, the word 'Kosher' must be present in the description section of the Eastman label.
- To ascertain Kosher status of bulk chemicals, the word 'Kosher' must be present in the product description on the bill of lading.
- The certification of Kosher products incorporates certification of their transport by approved Kosherized vessels to storage facilities, and certification of the storage at those facilities at terminal locations.

Rabbi Aharon Cohen
