Naia[™] certification program

This program allows you to request certification of fabrics made with sustainably sourced Eastman Naia[™] cellulosic fiber.

For garment maker or brands, a Naia™ mill certificate number is required. If a certificate number is not available, contact your mill partner to have fabrics certified by Eastman.

Asia Pacific mills: Shanghai

Eastman Chemical (China) Co., Ltd. Building 3, Lane 399, Shengxia Road, Yaxin Science & Technology Park, Pudong, Shanghai 201210, China

Asia Pacific: 86-21-61206348

All other mills: Kingsport

Naia[™] Fabric Library Eastman Chemical Company 100 N. Eastman Rd., Bldg. 162, Room 119 North Dock Kingsport, TN 37660 USA

USA: 1-423-229-2336

For garment maker or brands verification, Eastman ensures the Naia™ mill certificate number is valid.

Certification requirements

- Fabrics must contain a minimum of 30% Naia[™]
- Sweater yarns must contain a minimum of 30% Naia™
- Denim fabrics must contain a minimum of 15% Naia[™]
- · Fabrics must not contain any other cellulose acetate

If you have any questions, email NaiaCertification@eastman.com or contact your Eastman account manager.

Disclaimer: Mill fabrics submitted for verification may be used for Naia[™] promotional purposes. Naia[™] mill certificates may be provided to brands requesting verification of fabrics purchased from mills.
