# Delectable drinks

*Aladdin uses Eastman Tritan™ copolyester in their Mason jar-inspired beverage dispenser.*

Since 1908, Seattle-based Aladdin has focused on style, function, and sustainability in its thoughtful design of drinkware and home products. Known for its signature thermoses and Mason jars, the company has added to its line a 1-gallon Mason Beverage Dispenser designed for storing and serving cold drinks. The handy container is made of single-walled glass and features a twist-top lid for easy filling and a color-coordinated spout made of durable, BPA-free Tritan. Citrus or other fruits can easily be added through the top for enhanced flavoring. The festive Aladdin Beverage Dispenser jazzes up any tabletop and makes serving drinks a snap. All parts are dishwasher safe for easy cleaning.
