EASTMAN

The to-go cup that's here to stay

Made with Eastman Tritan™ copolyester, the Copco® Stir 'n Sip Cup is a sustainable alternative to disposable cups.

It looks like a classic to-go cup; but look again. Thanks to the toughness of Eastman Tritan™ copolyester, the 24-ounce Stir 'n Sip Cup from Copco is a commuter's trusty everyday cup. Unlike disposable cups, the lid locks and seals with a quarter turn to prevent spills. And it's BPA free and dishwasher safe. Each cup features a colorful nonslip grip and comes with a padded straw to keep cold beverages and smoothies perfectly mixed. An eco-friendly alternative, the Stir 'n Sip Cup won't crack or craze—drink after drink and drive after drive.

For more information on Eastman Tritan™ copolyester, visit www.eastman.com/tritan.

Made sustainable with Tritan, the Copco Stir 'n Sip Cup is available in a variety of grip colors.
