EASTMAN

Wine without worry

WineTanium® chooses Eastman Tritan™ copolyester for their new durable decanter.

WineTanium introduces a wine decanter/carafe that's durable and easy to take along for outdoor festivities. The nonbreakable carafe, made with the toughness of Tritan, makes it simple to entertain on the patio or poolside, and it's also stain resistant and dishwasher safe. Just like a high-end glass decanter, the crystal-clear WineTanium carafes don't absorb odors and tastes and their glasslike brilliance means they showcase a wine's true taste, clarity, and color. Refills are easy with the built-in thumb notch design on the bottom. Whether for pool parties, picnics, spa time, or on a boat, why not decant the wine in proper style?

For more information on Eastman Tritan™ copolyester, visit www.eastman.com/tritan.

Made of shatterproof Tritan, the WineTanium® decanter/carafe showcases a wine's true taste, clarity, and color while being BPA free.
