EASTMAN

Fresh ideas for better health

Kuvings chooses BPA-free Eastman Tritan™ copolyester for its new juicer.

Kuvings' Silent Juicer is the first of its kind to offer all BPA-free juicing components for a safer, healthier product while maintaining a durable design. Kuvings trusts the toughness of Tritan to handle the kind of beating juicers have to endure over the course of their life. Not only is Tritan tough, it also preserves its clarity while continuously resisting stains and odors. And components made of Tritan are dishwasher safe, making cleanup easier than ever.

For more information on Eastman Tritan™ copolyester, visit www.eastman.com/tritan.
